

Neurologic Levels

Creation / Contribution

Where you realize and enact your contributive potential to Universal-Cosmic Consciousness

Identity - Beautifully Unique Individuality

Where you recognize the Truth is within you no longer adhering to an external, fear-based code

Values - Your Will

Where you realize what is important to you changes your focus and viewpoint which in turn creates your Will that is hopefully aligned with Universal-Cosmic Consciousness

Abilities - Potential

Where you realize your innate abilities and the potential in enhancing these abilities and gathering more

Behavior - Actions

The Earthwork actions that you take from moment to moment, including communicating with others, nature, and yourself

Environment

The spaces you imagine that you occupy, including physical locations and internal sacred sanctums
